Vick's Wholesale Price-List • 1908

AILS CRAIG ONION

JAMES VICK'S SONS
SEEDSMEN

ROCHESTER, NEW YORK

Cable Address, Vick, Rochester

TERMS

To all regular customers, bills for seeds, bulbs, or plants, made before June 1st, will be due at that date, and those made after that time will be due 60 days after date of invoice. A discount of one per cent. per month will be allowed when payment is made previous to these dates. **Grass Seed, Clover Seed, Potatoes, and Onion Sets, invariably net cash.** Satisfactory reference required from all new or unknown correspondents desiring credit. All orders amounting to less than \$5.00 must be accompanied by cash. We decline to send **C. O. D.** unless a partial remittance is made as guarantee of good faith. **We are not bound by these prices for any length of time.** All quotations herein are subject to advance without notice.

We send out no seeds on commission. All shipments F. O. B. Rochester.

Prices of Flower and Vegetable Seeds

FIVE CENT PAPERS—Per 100, \$2.00; per 1000, \$18.00.

TEN CENT PAPERS—Per 100, \$4.00; per 1000, \$35.00.

FIFTEEN CENT PAPERS—Per 100, \$6.00; per 1000, \$50.00.

TWENTY CENT PAPERS—Per 100, \$8.00; per 1000, \$70.00.

TWENTY-FIVE CENT PAPERS—Per 100, \$10.00; per 1000, \$80.00.

Not less than 100 papers at the 100 rate, nor than 1000 papers at the 1000 rate. Dealers who prefer can make their own selection from our Retail Catalogue at the above rates, provided not less than 100 papers are ordered, nor less than five papers of a kind. Where less quantity is desired a discount of 50 per cent. from retail prices will be allowed.

All Novelties at packet prices are net, from which there are no discounts.

Ounce papers of Vegetable Seeds 40 per cent. discount from retail prices. Flower Seeds by the ounce and pound, and Vegetable Seeds by the pound, and bushel, are priced net in the body of this catalogue—ten pounds the minimum amount at the hundred rate; $\frac{1}{4}$ pound at the pound rate; $\frac{1}{8}$ bushel at the bushel rate. Smaller quantities at a slight advance. No quantity of seed packed from bulk for less than ten cents. When smaller quantities are required use the five or ten cent papers, taking advantage of the discounts indicated above.

Boxes of Flower Seeds

For the convenience of small dealers we put up boxes of seeds in papers, embracing those varieties most in demand, and in such proportions as our long experience has taught us are called for.

THE BOX OF FLOWER SEEDS contains \$5.00 worth of retail papers: price to dealers \$2.00; also, \$10.00 worth for \$4.00. As these boxes are filled early in the season, before the press of business begins, no changes can be made from the assortments we have put up.

SHIPPING

Purchasers will please send explicit shipping instructions with each order. Where no such instructions are given we shall exercise our best judgment in the matter; but, when goods have been so delivered at the freight or express station, in Rochester in first-class condition, addressed as ordered, we disclaim all responsibility for any accident damage or delay on the route. When goods are desired sent by mail, postage must be added at the rate of 8 cents per pound, otherwise we will deduct enough from the order to cover postage or add the postage to invoice as the case may require.

 Bags, boxes, and barrels will be charged at cost. No charge for cartage or packing.

James Vick's Sons give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any seeds, bulbs, or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

JAMES VICK'S SONS.

Special Announcement to our Customers.

WE desire to thank each one of our customers for the splendid increase in our wholesale department. For several succeeding years our trade has steadily increased. Such a satisfactory condition of affairs is largely due to the confidence and good will of our customers, and it gives us pleasure to express our appreciation of their trade.

The increase for the past year surpassed our highest expectations, and indicated that another season's increase would tax our former shipping capacity. We have, therefore, completely remodeled our packing room, stock room, and shipping department so that we will be able to handle orders the coming season far more rapidly than heretofore. We have likewise filled our warehouses with the best stocks which money and effort can secure. We are therefore confident of our ability to care for the most critical trade promptly and satisfactorily.

Since most of our stocks are ready for market at present, we recommend that our customers send us their orders as early as possible. In most cases orders are filled in rotation, so that those received now are filled in advance of late arrivals. Moreover those who get their seed early will have them on hand when they want them.

Although there have been serious shortages in a good many varieties of seed throughout the country, we have been especially fortunate in securing sufficient crops of most varieties to fill all reasonable orders. Notwithstanding shortages we have endeavored to quote moderate prices throughout. We are sure that dealers who want seeds of the *best quality* will find our prices very reasonable indeed. We promise to give each order, whether large or small, our best care and attention, and shall strive to merit the continued confidence and good will of every one of our customers.

To all we extend our best wishes for a prosperous season.

Trade List for 1908

 A Telegraphic Cipher is attached to each article, which will enable orders to be sent by wire at comparatively little expense. For example:

Two Bacon means two bushels Extra Early Red Valentine Beans; or

Fifty Beget means fifty pounds Egyptian Blood Turnip Beet, etc.

This Telegraphic Cipher cancels all formerly printed.

Ten pounds or more will be charged at 100 pound rates; quantities of one pound and less than ten pounds at the pound price. For quantities of less than one-fourth pound a slight increase over the pound price is necessary. Bags and boxes at cost.

For some few articles, in larger lots than herein quoted, we will make special prices by mail or wire.

Vick's Improved Danish Ballhead

Of the many varieties of Cabbage introduced within the past few years none have attained a greater popularity, or given such general satisfaction as Vick's Improved Danish Ballhead. The fame of this particular strain has become world wide. It commands a higher price in the market than any other variety. It is remarkable for the solidity of its head and long keeping qualities. The heads are of medium size, with few outer leaves, admitting of close planting; exceedingly fine-grained, hardest of all, tender, crisp, solid, with no waste heart. Will average six pounds per head. Our stock comes direct from the originator.

Vick's Golden Dwarf Self-Blanching Celery

Here in Rochester we are located in the heart of one of the most famous celery growing regions in the country. It is not an uncommon thing for a single grower to ship from ten to twenty carloads of celery to New York, Philadelphia, Pittsburg and other celery markets. The leading growers pronounce our Golden Dwarf Self-blanching to be superior to all other strains, in quality, yield and salability. Dwarf, stocky, compact, rich golden yellow. Solid, tender, crisp, and of exquisite flavor. See inside back cover.

CORN—SWEET or SUGAR.

Sweet Corn, if exposed to a low temperature in transit, even after being thoroughly cured, will gather more or less moisture and sometimes spoil. To avoid this, the corn should be examined as soon as received and if necessary spread out in a dry place.

Important Notice—Not for several years has there been such a serious shortage in corn. In some sections the crop was an entire failure. We have been successful, however, in securing a moderate amount of nearly all varieties of Corn of good quality and high germination. We shall reserve the larger part of this corn for customers who buy of us year after year, and for those who send us an order for a general line of seeds.

Early Minnesota Sweet Corn

Another of the many varieties of seeds introduced by us which are now considered standards by every reliable seedsman and grower. At the time we brought out this variety, nearly forty years ago, it was the best and earliest Sweet Corn on the market. Since then several varieties have been introduced that are a few days earlier, but there is not one which excels the true Early Minnesota in quality. In fact it is a standard early variety today. In height it is medium or half dwarf. Very productive. Ears are medium long and pure white. Rich and sweet. One of the best for private or market gardens. We are specially fortunate this year in having a good supply of this variety.

Vick's Lemon Cucumber

An Entirely Distinct Type. Tender, Sweet, Crisp.

We do not remember having received a single complaint from any customer who has purchased seed of this remarkable variety. Since we introduced Vick's Lemon Cucumber it has continued to grow in favor until it is now catalogued by a large number of the leading seedsmen of this country and Europe. Nevertheless a good many people imagine that its sole value is in its unique shape, and fail to realize that it is one of the most agreeable flavored varieties. Our illustration is a good representation. Nearly round and smooth. Flesh is exceeding tender and crisp with a sweet flavor surpassing all others. They have none of the bitter and acrid taste so generally found in Cucumbers. Excellent for slicing. For pickling, either ripe or green, they cannot be surpassed.

Vick's Perfection White Spine

Unrivalled in shape, size, color and productiveness. Without doubt White Spine and Long Green Cucumbers have larger sales than any other varieties. Now, there is a good deal of difference in the quality of the various kinds of seeds sold under the above names. Our strains of these varieties have been carefully developed through selections from year to year, until in our estimation the fruit from our seed surpasses both in quality and yield any other strains.

Vick's Early Scarlet Globe Radish

As a forcing Radish Vick's Early Scarlet Globe has established a reputation as the leading sort—the best in every way. It is handsome in form and color—a beautiful oval and rich scarlet. The amount of its foliage is small compared with other varieties, and small for the size of the Radish. The peculiar merit of this variety as a forcing Radish is that it will bear the heat requisite for forcing without becoming pithy or spongy. The flesh is crisp, tender, juicy and mild. It is equally as good for open garden culture as for forcing, and therefore it commends itself equally to the amateur and the market gardener. The dealer who sells this stock sells the best.

RADISH. (French grown.)

The Peerless Queen of Asters

Vick's Snowy-White Branching

This exceptionally fine class of Asters had its origin with us nearly fifteen years ago. On account of its many excellent qualities, which quickly made it the most popular of all Asters, there have appeared a number of imitations, most of which have long since been forgotten.

Many of the most reliable seedmen catalogue this variety under its true name as 'Vick's Branching', by which name it is as well known in Europe as America; but whether it appears under the name, "Smith's" or "Brown's" or "Jones'" there can be no doubt that ours is the original strain from which have come all others of any worth. We have steadily improved our strain from year to year so that it is still our claim that there are no others to be compared with Vick's Branching.

We have at last succeeded in bringing out an early strain of Branching which possesses all of the good characteristics of the late, but coming into flower about two weeks earlier. Vick's Branching, both Early and Late, have long stiff stems and are comparatively free from side buds, the whole strength of the plant being given to the development of large perfect flowers. For prices see next page.

Write for our illustrated Florists Aster Book

FLOWER SEEDS

THE flower seeds we offer are grown largely upon our own farm; others we have grown for us on contract and under our personal supervision by the very best specialists both at home and abroad, and in climates and soils best adapted for each particular variety. The seeds used in mixtures are selected from flowers the *brightest in color* and *most perfect in form* and can be relied upon for purity and vitality.

For the benefit of Florists and others especially interested in Asters we issue a Florists' Aster Book giving illustrations of all the leading varieties. The handsomest work of its kind ever published. Free.

Double Varieties Mixed 100 pounds	\$25.00 30

It is quite important that a mixture of Sweet Peas should be intelligently composed. This can only be accomplished by growers who are in a position to watch and care for the crop while in bloom, and when making selections see to it that the bright or telling colors predominate. We are confident our mixture will give universal satisfaction.

Tender Bulbs and Plants

VICK'S DESIRABLE DAHLIAS

The small capital following the name of each variety designates the class to which it belongs, as follows: **s**; **Show**, round, ball-shaped flowers. **D**; **Decorative**, intermediate between Show and Cactus. **C**; **Cactus**, large loosely-formed flowers, with irregular twisted or reflexed petals. **SN**; **Single**. **F**; **Fancy**, striped, mottled, or tipped. **P**; **Pompon**, small ball-shaped flowers. Sometimes the letters are used in combination.

Each, 10 cents; dozen, \$1.00; 100, \$7.00.

NOTE. All our Dahlias are strong field-grown roots.

Arachne (FC), center of petal pure white, edged along entire length with bright crimson, variable in color; very striking.

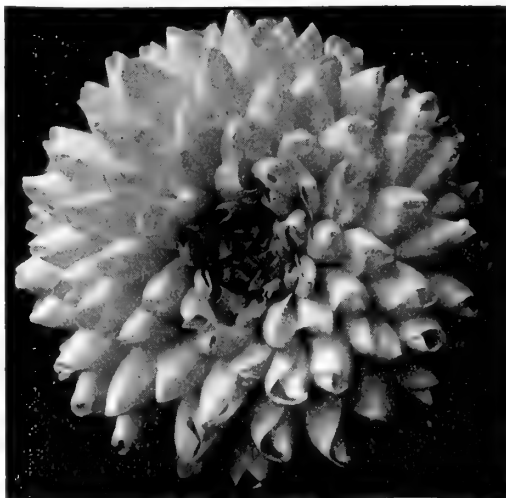

Emily (s), varies from rosy lavender to white, suffused lavender; long stems, immense flowers.

Earl of Pembroke (C), bright reddish purple, deeper and more velvety toward the center; petals long pointed, and regularly arranged.

J. H. Roach (C), light yellow; perfect form; long, incurved and twisted petals.

Lynthurst (D), one of the best bright scarlets, brighter and clearer than the well-known Wm. Agnew; has large, perfectly-formed flowers, borne on long stems, making it valuable for cutting.

White Swan (s), pure white, full flower, borne in great profusion on long stems. Especially fine for cutting. Flowers large and very uniform.

STANDARD VARIETIES

Each, 8 cents; dozen, 75 cents; 100, \$6.00, except where noted.

A. D. Livoni (Ethel Vick) (s), clear pink; quilled petals; free bloomer; very fine. Each, 6 cents; dozen, 60 cents; per 100, \$4.00.

Ada Tiffin (s), light peach, tinged with rose.

Admiration (Fs), red, tipped white.

Arabella (s), early; free-flowering; long stems; pale primrose, tipped and shaded rose and lavender.

Apple Blossom (s). Each, 6 cents; dozen, 60 cents; per 100, \$4.00.

Carol (s), pure white, delicately tinted soft pink. One of the finest.

Catherine (r), best pure light yellow; fine form; long stems. Each, 6 cents; dozen, 60 cents; per 100, \$4.00.

Clifford W. Bruton (D), best of this class. Large canary yellow; tall, vigorous grower and free bloomer. Each, 6 cents, dozen, 60 cents, per 100, \$4.00.

Elfin (P), a dainty little flower; pale primrose, changing to creamy white.

Ethel Vick (A. D. Livoni) (s), soft sea-shell pink; quilled petals; full to the center. Each, 6 cents; dozen, 60 cents; per 100, \$4.00.

DAHLIAS—Continued.

- Fairy Queen (P). Each, 6 cents; dozen, 60 cents; per 100, \$4.00.
 Golden Ball (s), fine pale yellow. Each, 6 cents; dozen, 60 cents; per 100, 4.00.
 Miss Florence Shearer (s), clear, soft lilac, edged lighter; fine.
 Nymphæa (the pink Water-Lily Dahlia.) (D), strong, robust grower; large, full flowers; light shrimp-pink, tinted lighter toward center. Each, 8 cents; dozen, 75 cents; per 100, \$6.00.
 Queen of the Yellows (s), beautiful clear yellow. Each, 6 cents; dozen, 60 cents; per 100, \$4.00.
 St. Catherine (c), true Cactus, with long spiral pointed petals, very large; deep yellow, shaded red.
 Snow Clad (P), white; free-flowering; the finest white pompon.
 Sport (s), pure lavender; very fine; sport from Penelope. Each, 6 cents; dozen, 60 cents; per 100, \$4.00.
 Storm King (Blizzard) (s), finest pure white.
 Teddy (P), white, tipped pink.
 White Aster (P), pure white; quilled.
 White Dove (s), pure white; large flower; long stems; very fine.
 William Agnew (c), fine, intense, glistening scarlet-crimson; immense size, perfect form; free bloomer; fine for bedding or cutting.
 William Pierce (D), fine, rich butter-yellow; one of the best. Each 6 cents; dozen, 60 cents; per 100, \$4.00.
 Yellow Bird (P), pure creamy yellow; fine form; free bloomer; long stems. Each, 6 cents; dozen, 60 cents; per 100, \$4.00.
 Zulu (The Black Dahlia) (D), jet-black, changing to black-maroon; fine.

VICK'S NAMED MIXTURE

Each, 5 cents; dozen, 45 cents; 100, \$3.50.

In our work of selecting to keep our list of new and standard varieties fresh and up-to-date, we find it necessary to discard a large number of sorts which would otherwise be carried in stock. This mixture embraces nearly 100 varieties; so the purchaser need have no fear of duplicates.

VICK'S GLADIOLUS

No charge made for packing. Purchasers to pay their own Express charges.

For full description and retail price, see Garden and Floral Guide.

25 at 100 rate; 250 at 1000 rate.

Princeps. A grand new variety; grows from three to four feet high; color rich crimson, with intense shadings in the throat, and broad white blotches on the lower petals. Flowers from four to six inches across, with well rounded petals		20

UNNAMED VARIETIES.

Our unnamed Gladioli are very fine. The bulbs we offer are sound and perfect in every respect, and will produce large handsome flowers. A large portion of them are our own seedlings, many of which produce flowers that are equal in beauty to our best named varieties.

THE "VICTORY" LAWN MOWER

ITS SPECIAL FEATURES

Ball-Bearings of the very highest grade, exact to $\frac{1}{4}$ of 1-1000 of an inch which reduce the friction astonishingly, and render it possible to use much wider machines than heretofore. A 24-inch mower can now be operated as easily as the old paralleled-bearing mower only 16 inches wide.

A removable cutter-bar, which, by loosening four small screws, may be rolled out of the machine for sharpening, without disturbing the frame. A very valuable feature, found in no other make of mowers.

A solid rectangular frame, that cannot be jarred or twisted out of parallel.

Double steel ratchet, like lightning in action, like adamant in hardness and durability. By using two pawls in each pinion, the chances of the pawls engaging the clutch part of the pinion are doubled, and the durability increased ten fold.

Triple gear entirely enclosed, so that dirt or cut grass cannot find their way into the pinions.

Prices: 16-in., \$7.75; 18-in., \$8.50; 20-in., \$9.50; 22-in., \$10.50; 24-in., \$11.00

FERTILIZERS

These prices are net cash on delivery.

Pulverized Sheep Manure. Pure and odorless. One of the the best for lawn, garden and greenhouse use. 100 lbs., \$1.25; ton, \$20.00.

Walker's Floral Fertilizer. A chemically correct flower food for house plants. Has no odor, and can be used dry, or dissolved in water for sprinkling. Small size (feeds 25 plants six months), per dozen, \$1.25. Large size (feeds 25 plants for one year), per dozen, \$2.00.

Nitrate of Soda (Chili Saltpetre). The best and cheapest form of Nitrogen for plants. Highly concentrated and immediately available. Nothing like it to make plants grow. 100 lbs, \$4.50.

Pure Raw Bone Meal. Per sack of 100 lbs., \$2.50; ton, \$40.00.

Potting Soil, per bbl., \$1.00.

INSECTICIDES AND APPLIANCES

These quotations are strictly net cash.

(Note—Liquids and poisonous powders cannot be sent by mail.).

Directions for using printed on each package.

Aibonita. A concentrated Arsenate of Lead. For all leaf-eating insects. Safe and sure. Will not burn or wash off. 2-lb. cans 30c.

Aphis Punk. Especially effective against green and black fly and thrip on all flowering plants. Per box of 12 rolls, 55 cents.

Bug-Death. For potato bugs and blight; contains no arsenic; does not wash off.

In comparative tests made on our farms last season Bug Death headed the list; not only as an insecticide, but kept the plants in a healthier condition and actually *increased the yield* over all others, while the potatoes when dug were healthier, contained more starch, and kept better than others.

1-lb. package	\$0.12	12 ½-lb. package . .	\$.90
3-lb. package30	100-lb. keg	7.00
5-lb. package45		

Dickey's Duster. For applying not only Bug Death but any other insecticide in powdered form. Each, 25 cents.

Copper Sulphate (Blue Vitriol). For use in mixing Bordeaux Mixture, etc. Per lb. 9 cents; 100 lbs., \$8.50; subject to market changes.

Dalmatian Insect Powder. The true "Persian" insect powder. ¼ lb., 10 cents; ½ lb., 20 cents; lb., 30 cents.

Bordeaux Mixture. Pint, 20 cents; quart, 30 cents; gallon, 90 cents.

Fir Tree Oil. For all kinds of sucking insects, whether on root, stem, or foliage, such as Green and Black Fly, Mealy Bug, Scale, Aphis, etc. For animal parasites and insects. ½ pint, 35 cents; pint, 60 cents; quart, \$1.00; gallon, \$3.75.

Fresno. A concentrated form of ammoniated Carbonate of Copper, put up especially for fungous diseases of grapes. Quart, 50 cents; gallon, \$1.10.

Horicum. (Lime, Sulphur and Salt). The best preventative and curative for San José Scale. Per gallon, 90 cents.

Hellebore. Pure and fresh; used largely for currant worms, etc. Pound, 22 cents; 5 lbs., \$1.00.

Kerosene Emulsion. 65 per cent. oil. For scale insects, aphis, etc. Quart, 45 cents; gallon, 85 cents.

Lemon Oil. One of the most effective insecticides. Odorless, poisonless. Per pint, 35 cents; quart, 70 cents.

INSECTICIDES—Continued.

Nicoticide. (Liquid). For fumigating or spraying. Contains the active principles of tobacco. One-pound can, \$2.25; $\frac{1}{2}$ lb. can, \$1.15; $\frac{1}{4}$ lb. can, 65 cents.

Nicofume. Tobacco paper for fumigating, packed in special friction top cans. Quart cans (24 sheets) 65 cents; 1-gross cans (144 sheets), \$3.25; 2-gross cans (288 sheets), \$5.75.

Sulpho-Tobacco Soap. Used as a wash for roses, trees, and house plants. Also for insects on animals. Small size, per dozen, 95 cents; large size, per dozen, \$1.50.

Tobacco Dust. (The Black Stuff). Per lb., 5 cts. Special prices on large quantities.

Tuxedo. (Liquid). A combination of Bordeaux Mixture and Paris Green; especially fine for potatoes, reaching bug and blight at the same time. Quart, 20 cents; gallon, 60 cents.

Vick's Excelsior Insect Exterminator. Destroys Striped Fleas, Cabbage Lice, Green Cabbage Worms, Potato Bugs, Aphis, Squash Bugs, etc. Harmless to plants or vegetables. Sure death to all plant insects, particularly the Green Cabbage Worm.

Apply exterminator by means of the Bellows illustrated. The Bellows can be worked as fast as a person would ordinarily walk.

Powder, per pound, 20 cents; 5 and 10 lb. lots at 18 cents per pound.

Bellows, twelve-inch . . . \$1.25 Bellows, eight-inch \$1.00

Small zinc Bellows for use in conservatory.

No. 1, each 7 cents; per doz. \$0.70 No. 2, each 18 cents; per doz. . \$1.75

Whale Oil Soap. Used as a wash for roses, trees, and plants affected with insects. 1-lb. box, 14 cents; per dozen, \$1.60.

HORTICULTURAL REQUISITES

Dibbles. Used in transplanting. Steel point. Each, 25 cents; per dozen, \$2.50.

Dusters. Dickey's for insect exterminating powder, each, 60 cents.

Florists' Letters. We are agents for "Boston Florists' Letter Co." The block letters and figures we offer are made of the very best purple Immortelles struck out with a die on wood frames, and are perfect in every respect. Patent fasteners furnished with each letter. Price, two-inch letters and figures, per hundred, \$2.00.

We offer flexible machine-made script words, which are struck out with a die, and are uniform and perfect in shape. Put up in boxes of six and twelve words, all one kind or assorted into Father, Mother, Brother, Sister, At Rest, etc. We will mail a sample word, with patent fastener, to any address on receipt of 24 cents in postage stamps. Price of script words, 4 cents per letter, net.

At Rest

Florists' Vases. Fibrotta Ware. No. 1, inside measure, $5\frac{1}{2}$ x 10 inches, \$4.20 per dozen; No. 4, inside measure, 3 x $4\frac{1}{2}$ inches. \$2.40 per dozen.

Garden Lines. Extra heavy cotton, braided, 100 feet long. 50 cents each.

Grass Hooks or Sickles. Three sizes, each, 20 cents, 30 cents, 40 cents.

Grass Shears. Best quality steel. Each, 50 cents; dozen, \$5.00.

Labels. Wooden.

No. 5—18-inch barrel, 2-spray rose and jet.	6 25

Sprinklers. "Tyrian." Rubber, made with a perforated detachable top; valuable for window gardening, bouquet sprinkling, dampening clothes, etc.

6-ounce size, straight neck . \$o 50	10-ounce size, straight neck . . . \$o 75
6-ounce size, bent neck . . 60	10-ounce size, bent neck 80

Thermometer. Self registering, each, \$2.00.

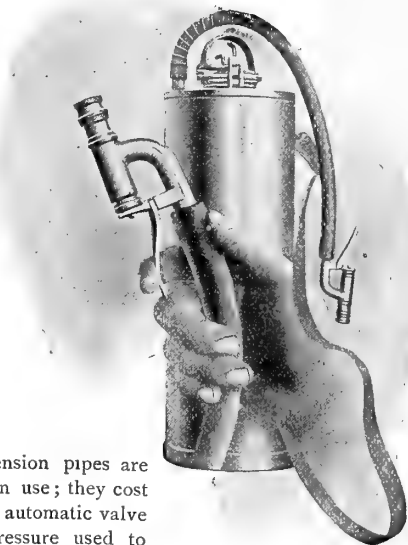

Tin Foil. (Net Cash). Per pound, 12 cents; 10 pounds @ 10 cents.

Weeders. Per dozen, Claw, \$1.50; Hazeltine, \$1.75; Lang's, \$1.75; Brown's Easy \$3.00.

The Auto-Spray. Perfect in mechanism material, workmanship. Will do all

that any spray pump will do and much more. Every machine warranted perfect and satisfactory or purchase price refunded. Eight to ten strokes of the plunger compresses enough air to spray $\frac{1}{4}$ acre of potatoes. A boy can do a man's work. No wasted material. Sprays fine as mist. Made in all brass, or with galvanized steel reservoir. Height, 2 feet. Diameter, 7 inches. Capacity, 4 gallons. Weight, empty, 7 pounds. Weight, loaded, 39 pounds. Shipping weight, 12 pounds. Utility considered, the brass machine is the cheaper, and

we strongly commend it. Extension pipes are strong, and sustain themselves in use; they cost extra. The "Auto-Pop" is an automatic valve which is closed by the air pressure used to operate the "Auto-Spray." In operation a lever is moved by simply closing the hand, thus opening the valve and allowing an instantaneous discharge of spray. By releasing the lever it closes automatically, hence the spray is in perfect control. The "Anti-Choke" Nozzle (shown in illustration with "Auto-Pop") is made from solid brass rod, and consists of nozzle proper and two caps of different capacity. It offers every graduation of spray from a solid stream to a fog. It is made to fit other sprayers, where so ordered. By the operation of the "Auto-Pop" a degorger is passed through the nozzle-opening each time the "Auto-Pop" is closed. Hence it can never clog, and is the only nozzle which can't clog, notwithstanding the claims of competitors.

No. 1—Auto-Spray, brass tank, with stop-cock.	\$5 00
No. 1—Auto-Spray, brass tank, with Auto-Pop (recommended)	5 50
No. 1—Auto-Spray, galvanized tank, with stop-cock	3 75

The Lightning Insect Exterminator. Tin cylinder, compressed air for liquid; 85 cents.

Sweet Grass. Per pound, \$1.15.

Reeds.—No. 1, per lb., 85 cents; No. 2, per lb., 60 cents; No. 3, per lb., 50 cents; No. 4, per lb., 50 cents; No. 5, per lb., 38 cents; No. 6, per lb., 38 cents.

Samples of Raffia and Reeds on application.

Basket-Making. By T. Vernetta Morse. 32 pages, illustrated with 106 working designs. A condensed work valuable to the beginner. Postpaid 25 cents.

How to Make Baskets. By Mary White. 200 pages, cloth bound, finely illustrated with working designs and half-tone plates. The best work on the subject we have seen. Postpaid 90 cents.

LANSING, MICH.

Bulbs came in fine shape, and we thank you for your promptness.

MAPLEWOOD VIOLET & NUR. CO.

LONDON, ONT., March 11, '07.

Vick's Scarlet Globe Radish seed is the best we have ever had. Ready to pull in about 28 days.

C. M. NEWANS.

INDIANAPOLIS, IND., March 25th, '07.

The Rambler Rose to hand as fresh looking as if just taken up. Thanks. Am pleased with the order of seed from you.

H. G. YOUNG.

GREENWICH, N. Y., April 10th, '07.

The Flowering Begonias came in fine shape and I set them out in my greenhouse, and they have been growing nicely. The person who packed them understood his business.

H. C. MORHOU.

SANTA ROSA, CALIF., Nov. 8th, '07.

Your Onion seed arrived in good time that I ordered from you last month. I sowed it at once and every seed came up and the present time the plants are up $2\frac{1}{2}$ in., and promise to be a success. This convinces me that your seed is what you represent it to be and you will always have my orders.

E. LANZ.

CHATHAM, N. J., Oct 7th, '07.

Kindly send me one of your Aster Catalogues as I wish to place my order for Aster Seed with you very early, as then I will be sure of securing the varieties I wish. I cannot speak too highly of the seed I bought of you this last spring as a trial. They in size, color, length of stem, excelled anything around here. I found ready market for them all summer, while a great many fields of Asters around here went begging.

F. N. CLARKSON.

FULTON, N. Y., Feb. 27, 1907.

The seed which I bought of you last spring proved themselves absolutely the best which I have ever had from any seed house. The Howard Cucumber is certainly the finest in quality and appearance that has ever been introduced. The few customers to whom I sold them kept calling for them as long as I could find one on the vines. Vick's Scarlet Globe Radish has them all stopped, too. Your Earliana Tomato seed shows careful selection, and is worth the extra cost.

HARVEY C. HEWITT.

PUEBLO, COLO., December 12, 1907.

The receipt of advance seed catalogue from———containing cut of Golden Self-blanching Celery and testimonial put us in mind of some Celery grown from seed bought of you during the season of 1907, and we forward you a photo, not of one bunch, but of our exhibit at our State Fair. The fourth bunch, top row, counting from right to left, weighed 36 pounds. The average weight of the six bunches under the white string supporting the entry tag was $32\frac{1}{2}$ pounds. The Celery in crate directly under same was 26 pounds, and was taken from load of Celery packed for shipment. Crate is 9" deep, 24" long, 22" wide. Shipping weight 80 to 86 pounds. Not for one crate but for a dozen of them. This Celery has been on exhibit from Monday P. M., until Thursday, and was somewhat wilted. We took first on bench and first on display, and on the market we placed Celery wherever we wished, getting the market and a premium in price over any Celery on this or Colorado Springs market. In conclusion I will say that I have tested seed sent out by all the principal seed houses and find your seed second to none, while seed from———has proved a decided failure a number of seasons back, grown side by side with seed bought of you.

(See cut outside cover.)

W. L. ECKSTROM & SON.

Rochester, N. Y.

Remittance in any of the above forms preferred. The rates for collecting local checks makes them very expensive.
